## It all began with one wish...

On April 29, 1980, seven-year-old Christopher James Greicius, who was battling leukemia, was sworn in as the first honorary DPS patrolman in state history by a caring group of Arizona Department of Public Safety personnel. Chris' wish inspired the creation of the largest wish-granting organization in the world.

## About our Chapter

- Make-A-Wish Greater Pennsylvania and West Virginia serves 57 counties in western, central and northeastern Pennsylvania, and the entire state of West Virginia. ## About Us

# Our History

## Our History

Tens of thousands of volunteers, donors and supporters advance the Make-A-Wish® vision to grant the wish of every child diagnosed with a critical illness. In the U.S. and its territories, a wish is granted every 34 minutes. A wish can be that spark that helps these children believe that anything is possible and gives them the strength to fight harder against their illnesses. This one belief guides us and inspires us to grant wishes that change the lives of the kids we serve.

## Our History

For children diagnosed with critical illnesses, a wish come true can be a crucial turning point in their lives. A wish can be that spark that helps these children believe that anything is possible and gives them the strength to fight harder against their illnesses. This impact is why we are driven to make every one of these wishes come true.

Chris Greicius, 1980

## How It All Started: Chris' Wish

Make-A-Wish traces its inspiration to Christopher James Greicius, an energetic 7-year-old boy battling leukemia who wishes to be a police officer. In 1980, his Phoenix community came together to make his wish come true. Little did Chris know that his wish would create a movement that would transform millions of lives.

Today, Make-A-Wish has granted hundreds of thousands of life-changing wishes to children battling critical illnesses. Wishes that give families hope through dark times, strength to persevere and experiences that forever change their lives.

Thank you to his mother, Linda Pauling, the Greicius family and the founders for their tireless dedication to our mission.

Bopsy Salazar, 1981

## The First Wish Kid

Frank "Bopsy" Salazar is the first official Make-A-Wish kid. He's 7 and has leukemia—just like Chris. So, the Phoenix Fire Department gives Bopsy an experience like Chris'; he becomes a member of the Engine 9 crew. Since the first wish is also the first Disney wish, the Anaheim Fire Department picks up the baton, taking Bopsy and his family around Southern California.

## Local and Global Structure

### Make-A-Wish America

Make-A-Wish is one united family. But it’s also a collection of independently chartered nonprofit organizations that stand committed to a shared vision and mission.

The Make-A-Wish national office is based in Phoenix, where the organization was established in 1980. It establishes guidelines for wish-granting standards, raises funds at a national level, provides legal support, develops strategies to advance awareness and establishes the overall direction for the organization.
